YELLOW – the color of lemons and sunshine – is by far the happiest color in the spectrum. Why not introduce a cheery shade or two in your home? Start with these McGuire arm chairs from the Laura Kirar Collection, upholstered in a fun chartreuse pattern, then add the fretwork dining table from Barbara Barry. The graphic lines of the base, weighted with a steel ring for stability, bring instant energy to a room. Go for broke with a bold citron-shaded hide rug, then tone the sunny shades down with classic neutrals in wheat, linen and flax. Available at www.parker-furniture.com

India Hicks: Island Style

by India Hicks, forward by H.R.H The Prince of Wales (Rizzoli)

From India Hicks, a beautifully illustrated guide to achieving her famously undone, gloriously bohemian decorating style. Born from British and design royalty, India Hicks has forged a design empire from her family's enclave in the Bahamas. In *India Hicks: Island Style*, she invites readers into her world, offering never-before-seen imagery and irresistible behind-the-scenes stories. The heart of the book is an in-depth exploration of her style. Timeless and under-decorated, her rooms combine carefree Caribbean culture with British colonial form and formality. In ten chapters, India walks the reader through the basics of capturing the look: the subtle palette of island life; the miracle of tablescaping; the warm anarchy of a family kitchen; the pleasure of porches; the drama of entertaining; bedrooms as places of self-expression; the "more is more" style of living with collections; the importance of repurposing; and creating spaces of sanctuary. Witty, richly prescriptive, beautifully photographed, this book will enchant readers with a glimpse of decorating in paradise.

Windsor Smith Homefront: Design for Modern Living

by Windsor Smith (Rizzoli)

Mixing glamour with modern practicality, interior designer Windsor Smith's first book celebrates her elegant, comfortable style. Windsor Smith's aesthetic was once described as "unbuttoned elegance, like a taffeta dress worn with bare feet." In her first book, Smith—a traditionalist who likes to realize classic themes in a new way—shares her fresh vision for modern life.

Charlotte Moss: Garden Inspirations

by Charlotte Moss (Rizzoli)

Celebrated interior designer and renowned tastemaker Charlotte Moss turns her eye to the garden as a resource for interiors, entertaining, and good living. Charlotte Moss's greatest muse is the garden, and this book shows the myriad ways the garden provides inspiration every day—indoors and outdoors. Touring readers through her own gardens, Moss offers insights on how to bring the garden into home life—including ideas for elegant flower arrangements from the garden and the table settings and menus they inspire and much more.
